All:

Myself, Carl and Tim met with WYDEQ this morning to gather more information about their drill rig engine permits that have been issued in the UGRB ozone nonattainment area. Referred to BLM

**Referred to BLM**

**Ex. 5 - Deliberative Process**

Without going any further into the weeds here, in talking with WYDEQ on the call today, their position is that their drill rig permits are suitable for an exemption from general conformity.

**Ex. 5 - Deliberative Process**

I am leaving at 1 pm today and won't be back in the office until Monday. Please contact Carl or Tim with any questions.

Thanks,

Scott
